Resource Recovery

- Leaf Collection Started Monday, October 26th and will finish Wednesday, December 30th, provided no delays in weather. The City is divided into five zones, each with a specific collection start date. Each zone will receive three passes. Leaves are also collected in paper leaf bags on a weekly basis.

Public Works

- Installed Automatic Vehicle Location (AVL) system, which is a GPS vehicle tracking system for the snow program. This system is used to reduce response time, manage which streets have been plowed and at what speed work is being completed. An added feature is the AVL systems can detect when the brooms for plowing go up and down.

Traffic Operations

- Traffic Operations has been working to replace LED signals throughout the City. Currently 95% of traffic signals in the City have LED technology.

TRansitioning Adults Into Living Successfully (TRAILS)

TRAILS

A unique innovative program designed to provide early and effective treatment to individuals between the ages of 16 to 25 who have recently experienced symptoms of psychosis. Some of the signs may include the following:

- Auditory hallucinations (hearing things that other people don't hear)
- Visual hallucinations (seeing things that other people don't see)
- Paranoid feelings (feeling unusually afraid or suspicious)
- Unusual beliefs
- Disorganized thinking

The TRAILS program utilizes an evidence based Coordinated Specialty Care (CSC) approach. This model includes assertive outreach and engagement to identify youth in need of services. Treatment is phase-specific and provided by a multi-disciplinary treatment team using a shared decision-making model. The goal is to assist young adults and their families in achieving their emotional and personal goals and to facilitate access to the services they need.

Services include:

- Outreach and referral
- Evaluation and assessment
- Psychiatric treatment
- Recovery coaching
- Case management
- Psychotherapy
- Vocational and educational support
- Family education and support
- Peer support
- Supportive housing and psychosocial rehabilitation programming

Criteria for the program:

- Ages 16-25
- City of Alexandria resident
- Have experienced symptoms of psychosis within two years of referral
- Have an ability to benefit from CSC services and are willing to work with a multi-disciplinary specialty team

All insurance types are accepted, including no insurance. The TRAILS program is located at 4480 King St. on the fifth floor.
